

- redrawn from TC2048 rev.1b by Superflo with minor modifications to the logic
- horizontal counter based on a single IC (74HC4040)
- 74HC153 mux used
- joystick interface with 74HC540
- diode-resistor logic replaced with discrete gates
- tape input with LM393 comparator for increasing sensitivity
- for prototyping
- PCB to be laid down

Based on TC2048 clone (rev.1b) by Superfo
